SPRING 2017

A LETTER FROM THE PRESIDENT

Brothers and Family,

The spring of 2017 has proven to be a milestone for the Alpha Nu Chapter. Through our recruiting efforts, we welcomed a total of 17 men this year. Out of those men, six are on the lacrosse team, two are on the soccer team, two are on the swimming team, and two are highly involved on campus. We have done tremendous work only recruiting the best men for Alpha Nu. All of our brothers are highly involved on campus, seven men have stood out by representing the Westminster swimming team and Alpha Nu at the PAC championships this year, where the men's team won their third straight title and contributed over 150 points. Alpha Nu has produced some of the best athletes on campus!

Not only is Alpha Nu dominating the field but we also have been dominating our GPA's. Last year, Alpha Nu ranked second on campus among Greek men with a chapter cumulative GPA of 3.1. Our alumni have been so generous in starting a scholarship fund, in which over \$7,000 has been dedicated in awarding exceptional brothers who have achieved academic excellence.

Our housing corporation had successfully raised the funds needed to begin renovations on our house. The renovations finished with a new chapter room, a new first floor common area, and a new third floor bathroom. Future improvements of the house will be heating and A/C.

For so long we have believed in tradition. Some of it good and some bad. Through the help of our alumni and the willingness of the undergraduates, Alpha Nu has set forth on the path to greatness. We have recognized our strengths and used them to our full potential. I believe Alpha Nu has the core value of brotherhood we all recognized when we decided to join Alpha Sigma Phi. We have a growing brotherhood that only becomes stronger with each brother who holds our five values close. We value the bond of brotherhood and we try our best to set that example out into campus and into our own lives.

In Phi,

Jacob Cochran, Westminster '15
Chapter President

2016 ALPHA NU HOMECOMING

The brothers of Alpha Nu pride themselves on their commitment to serving their community. This year alone, brothers have volunteered on six different occasions with a local church in New Wilmington.

The brothers help prepare food and serve to the elderly in the community who need assistance. Additionally, they stay late to help with clean up efforts.

The Alpha Nu Chapter hopes to continue this relationship within their community for years to come.
